## Project Manager (m/f/d) Pharma Innovation Company, Munich

### Beschreibung Company:

Our client designs formulation and technology concepts for the pharmaceutical industry. This includes solid and semisolid dosage forms as well as transdermal patches and oral thin films. The range is from the early idea to the medicinal product under GMP conditions. Its aim is to discover innovations for contracting partners. Beside the conventional pharmaceutical technologies, our client is investing in innovative technologies in the area of personalized medicine. It is a medium-sized company with a highly motivated team of experts, who work on pharma innovations of the next generation.

### Position: Project Manager (m/f/d)
